

Mr Jerry Dimos

Partner, Management
Consulting, KPMG

Jerry Dimos, Partner KPMG Management Consulting, ASEAN Practice, leads the Strategy & Operations practice. Based in Singapore for 14 years, he has 20 years of management consulting experience centered on delivering major projects, organizational change and performance improvement for Fortune 500 firms.

During his career, Jerry has worked on a diverse range of projects, including engineering projects, IT projects such as the \$300M Telstra Y2K programme, the commercialization of the \$460M Federation Square, lead a \$40m software development project, and run many cross-border management consulting engagements in banking, insurance, life-sciences and consumer products firms.

Jerry's work with the PMI started when he joined the PMI Sydney Chapter Board in 1998 where he helped drive awareness of PMP within the IT&T sectors and to promote the use of earned-value concepts on major technology projects. He was awarded his PMP in 2000, and completed his Master of Project Management from the University of Sydney, in 2002. Over the years he has advised / supported the PMI with new chapters, special interest groups and developing new standards, and maturity models such OPM3.

Jerry completed his MBA at Chicago Booth Business School, a Post Graduate Degree in Information Technology from the University of Technology, Sydney.
