

Mr Ofir Shalev

CIO Employee Health &
Benefits Asia, Mercer

Ofir Shalev is an entrepreneurial executive bringing over 20 years of international experience in both start-up (Augmented Reality) and Fortune 250 organizations, spanning across multiple geographies, product lines and functions. In his current role as Mercer's CIO Employee Health and Benefits Asia Ofir is responsible for the technology to support the EH&B suite of products and services. Previously, as Vice President (VP) Strategic Accounts for TiS, Ofir worked in Singapore heading the Banking Solutions division, over achieving targets by implementing regional and global enterprise solutions, aligning sales, pre-sales, service delivery and support teams. Previously, as Chief Technology Officer (CTO) and Chief Operating Officer (COO), Ofir built and led the post M&A regional (Singapore, China and Hong Kong) operation. Previously, as Vice President (VP) R&D, Ofir led the development program of the company's core products and solutions, independently ranked as one of the top 3 products worldwide.

Ofir holds a Master's degree (Hon) in Computer Science with a focus on Artificial Intelligence (AI), Machine Learning and Data Science. He is a member of the Institute of Electrical and Electronics Engineers (IEEE), the IT Management Association (ITMA) Singapore and a PRINCE2 Practitioner.
