

**Section 2:**

Short bio-data of the Nominee (max 500 words):

I am a Singaporean of Indian descent. My 22 years of IT career is predominant in IT consultancy industry. Only has as much initial years were spent with end-users. The initiation was as a system administrator at a renowned news and media house in India.

Working my way through the rank I moved into the role of Project Manager well over a dozen years earlier with working for an MNC IT Consultancy house in India. My customers hailed from Banking, FMCG, Government, ITC consultancy, Manufacturing, Pharmaceutical, Retail, Telecom and Tourism in about a score of Nations in the Americas, EMEA and Asia regions.

To institute this rich and varied experience I have attained my PMM & PRINCE2 certifications in the past 5 years.

I have career so far have successfully completed Projects and Programs of various size and complexities which span from one Nation to cross region/ Geography.

I have established my skills of managing Projects through the different phases their lifecycle as described in PMBOK. My skills of using the different tools and techniques have led to the success of many a project.

The soft skills acquired over the years have taught me how to manage and influence Key Stakeholders to pave the path to success. I have so far been able to tactfully turned projects from troubled waters by resolving issues which not only technological but also political and cultural.

Building and sustaining teams had been a key strength of mine. I have always cherished working with people of different cultural, ethnical and geographical background other than of emerging technology.

I have a proven background in Process formulation and management apart for compliance Audit in Process Quality Management (ISO9000:20001) and Process Maturity Model (CMM).

Short description of how nominee intend to contribute to the chapter (max 500 words):

Our current President's objective is to walk the Chapter to add value to our Community. I am greatly interested to share this vision with him.

His intention is to induce new blood into the Chapter to bring about a paradigm shift in the think tank and the services to SPMI.

I aim to be closer to the heart of my SPMI peers who are seeking to attain greater heights in their career with the succor of the Chapter.

My leadership capabilities, the organizing abilities, adopting to changing environment and people skills along with the Key skills of an effective PM will always come handy for the Chapter.

My 22 years of Industry experience and over 3 years of association with the Chapter provides the right platform to contribute the following key areas of our Chapter

**Membership Growth** - Create a positive interest into our community of practice.

**New and Expanded Programs** – Be an integral part of at least one new initiatives.

**Volunteerism – Our Lifblood** – Devote time and effort towards the objectives and interests of the Chapter.

As a part of the SPMI Board I aspire to establish the vision and mission of our Chapter.
