

Section 2:

Short bio-data of the Nominee (max 500 words):

Name: Tan Kim Khim Roland PMP, CITPM
Awarded PPM (Public Service Star for Community Service)

Tan Kim Khim, Roland is an InfoComm Professional registered in the Infopier Directory of Singapore. He is the Founder and CEO of eEnterpriseOne Pte Ltd, an Oracle Gold Partner specializing in the implementation and support of Oracle-JD Edwards ERP Solution and Oracle Database in Singapore and Asia. Though the company was set up in 2009, it has handled many major projects across the region.

A Certified IT Project Manager (CITPM) and a PMP, he was a Board Member of the PMI Singapore Chapter from 2001 to 2010. He co-organize the SPMI Symposium in 2009 and receives the SPMI Volunteers Award for Extraordinary Contribution in 2010.

To enhance his professionalism, he is now pursuing the certification as a CBAP and TOGAF Professional. He is an active member of the Singapore Computer Society and is currently a Committee Member of the "Supply Chain Management" Interest Group formed to promote the professionalism and interests of professionals in the SCM Industry.

Socially, he was involved in grass-root activities for almost 25 years during his younger days from 1968 to 1995. He was awarded the Public Service Award (PPM) by the then President of Singapore in 1982.

Short description of how nominee intend to contribute to the Chapter (max 500 words)

Name: Tan Kim Khim Roland PMP, CITPM
Awarded PPM (Public Service Star for Community Service)

I am seeking Your Mandate to serve as an Assistant Treasurer in the SPMI Executive Committee.

SPMI currently has a healthy Current Asset of around S\$570K, painstakingly accumulated through the last 12 years through prudent spending. Current Treasurer has to step down after 2 years of service. It is my desire to guide and assist the next Treasurer in this important role and work closely with the Trustees in ensuring another year of good fiscal performance.

I have over 12 years of active involvement in SPMI in various capacities. Firstly, during the Formative Years, 2001 to 2005, from its birth to a vibrant and financially sound professional organization and then, working under the leadership of Mr Alex Siow, consolidating and growing the membership to its current strength of 1899 as at February 2013. I am proud to be a part of this growth and will continue to encourage and nurture members to come forward to take up leadership role.

Another area that I am particularly passionate about is the Regional Symposium that SPMI has been organising annually since 2004. It is a platform where the practitioners, the academicians and the industry gather to share new ideas, promote and develop the professionalism of Project Management. Given the chance to continue my participation in the Executive Board, I will continue to use my network and connections established over 25 years in the ICT Industry to contribute where I can to the Society.

It is not for personal glory or for business reasons that I stand for election to serve in the Executive Board. I seek the endorsement of fellow members to be involved again, this time as the Assistant Treasurer and assist the Honorary Treasurer in taking on the enlarged PM community, be part of this new era to bring SPMI to another level of professionalism,
